

XIV ECMNP

EUROPEAN CONFERENCE ON MARINE NATURAL PRODUCTS
30.9. – 3.10.25, PIRAN, SLOVENIA

XIV ECMNP – CONFERENCE PROGRAMME

Billian Day 1, Tuesday 30.9.2025 WELCOME SESSION Chair: Vassilios Roussis O9:00 - 09:30 Participants registration Welcome to XIV ECMNP Ann Rotter, Slovenia, conference chair O1:00 - 10:45 Looking Back - Looking Ahead in Marine Natural Products Research Bill Fenical, USA, Keynote speaker O1:45 - 11:15 COFFEE BREAK and blue economy networking Horizontal aspects in MNP discovery and good practice examples Chairs: Vassilios Roussis and Carlos Jiménez The New UN Ocean Biodiversity (BBNJ) Agreement: Considerations for Scientists and Commercial End Users Marcel Jaspars, UK, Invited speaker The Nagoya Protocci: Does it Offer a Solution or Does it Create More Confusion? Ernesta Grigalionyte-Bembič, Slovenia Comparative Environmental Assessment of Water-Free Powder Shampoo as a Litter Prevention Solution Maturation of Saline Peloid From Secovije Salina: Interactions With Brine and Petola Microbial Mat Neli Glavas, Slovenia Neli Glavas, Slovenia Petola Microbial Mat Neli Glavas, Slovenia Petola Microbia		DAY 0, Monday 29.9.2025
Day 1, Tuesday 30.9.2025	18:30 – 21:00	
WELCOME SESSION Chair: Vassilios Roussis 09:00 - 09:30 Participants registration Welcome to XIV ECMNP Ana Rotter, Slovenia, conference chair 10:00 - 10:45 Looking Back - Looking Ahead in Marine Natural Products Research Bill Fenical, USA, Keynote speaker COFFEE BREAK and blue economy networking Horizontal aspects in MNP discovery and good practice examples Chairs: Vassilios Roussis and Carlos Jiménez The New UN Ocean Biodiversity (BBM) Agreement: Considerations for Scientists and Commercial End Users Marcel Jospars, UK, Invited speaker The Nagoya Protocol: Does it Offer a Solution or Does it Create More Confusion? Ernesta Grigalionyte-Bembic, Slovenia Comparative Environmental Assessment of Water-Free Powder Shampoo as a Litter Prevention Solution Annamaria Vajanović, Slovenia 12:30 - 12:45 Maturation of Saline Peloid From Sečovije Salina: Interactions With Brine and Petola Microbial Mat Neli Glava's, Slovenia 12:30 - 12:45 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 13:00 - 14:30 LINCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia Ioannou and William Gerwick Invited lecture title TBC Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia Ioannou and William Gerwick BUECHEM-ON> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products - PD-1/PD-L1 Modelling Florbela Pereira, Portugal Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused		
Chair: Vassilios Roussis		Day 1, Tuesday 30.9.2025
O9:30 - 10:00 Participants registration		WELCOME SESSION
Welcome to XIV ECMNP Ana Rotter, Slovenia, conference chair		Chair: Vassilios Roussis
10:00 - 10:45 Looking Back - Looking Ahead in Marine Natural Products Research Bill Fenical, USA, Keynote speaker	09:00 - 09:30	Participants registration
10:00 − 10:45 Looking Back - Looking Ahead in Marine Natural Products Research Bill Fenical, USA, Keynote speaker COFFEE BREAK and blue economy networking Horizontal aspects in MNP discovery and good practice examples Chairs: Vassilios Roussis and Carlos Jiménez The New UN Ocean Biodiversity (BBNJ) Agreement: Considerations for Scientists and Carlos Jiménez The Nagoya Protocol: Does it Offer a Solution Or Does it Create More Confusion? Ernesto Grigalionyte-Bembić, Slovenia Comparative Environmental Assessment of Water-Free Powder Shampoo as a Litter Prevention Solution Annamaria Vujanović, Slovenia 12:10 − 12:15 Maturation of Saline Peloid From Sečovlje Salina: Interactions With Brine and Petola Microbial Mat Neli GlavaS, Slovenia 12:30 − 12:45 Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia 12:45 − 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimāo, Portugal 13:00 − 14:30 LUNCH and blue economy exchange of good practices 14:30 − 15:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia Ioannou and William Gerwick 15:30 − 16:00 Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia Ioannou and William Gerwick 16:45 − 17:00 Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused	00.20 - 10.00	Welcome to XIV ECMNP
10:45 – 11:15 10:45 – 11:15 10:45 – 11:15 10:45 – 11:15 11:15 – 11:45 The New UN Ocean Biodiversity (BBN)) Agreement: Considerations for Scientists and Carlos Jiménez The New UN Ocean Biodiversity (BBN)) Agreement: Considerations for Scientists and Commercial End Users: Marcel Jaspars, UK, Invited speaker 11:45 – 12:00 The Nagoya Protocol: Does it Offer a Solution Or Does it Create More Confusion? Ernesta Grigalionyte-Bembić, Slovenia 12:00 – 12:15 Comparative Environmental Assessment of Water-Free Powder Shampoo as a Litter Prevention Solution Annamaria Vujanović, Slovenia Maturation of Saline Peloid From Sečovlje Salina: Interactions With Brine and Petola Microbial Mat Neli Glavas, Slovenia 12:30 – 12:45 Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia 12:45 – 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 13:00 – 14:30 LUNCH and blue economy exchange of good practices 14:30 – 15:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia loannou and William Gerwick 15:30 – 16:00 Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia loannou and William Gerwick BLUECHEM-CON> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal 17:00 – 17:15 The rapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused	09.30 - 10.00	
Horizontal aspects in MNP discovery and good practice examples Chairs: Vassilios Roussis and Carlos Jiménez The New UN Ocean Biodiversity (BBN)) Agreement: Considerations for Scientists and Commercial End Users Marcel Jaspars, UK, Invited speaker The Nagoya Protocol: Does it Offer a Solution Or Does it Create More Confusion? Ernesto Grigalionyte-Bembič, Slovenia Comparative Environmental Assessment of Water-Free Powder Shampoo as a Litter Prevention Solution Annamaria Vujanović, Slovenia Maturation of Saline Peloid From Sečovlje Salina: Interactions With Brine and Petola Microbial Mat Neli Glavaš, Slovenia Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 12:45 – 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 14:30 – 15:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia loannou and William Gerwick Invited lecture title TBC Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia loannou and William Gerwick BLUECHEM-CON> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stoneñsh Venom: Small Molecules Present in Envenomation Caused	10.00 - 10.45	
Horizontal aspects in MNP discovery and good practice examples Chairs: Vassilios Roussis and Carlos Jiménez The New UN Ocean Biodiversity (BBN)) Agreement: Considerations for Scientists and Commercial End Users Marcel Jaspars, UK, Invited speaker 11:45 – 12:00 The Nagoya Protocol: Does it Offer a Solution Or Does it Create More Confusion? Ernesta Grigalionyte-Bembič, Slovenia Comparative Environmental Assessment of Water-Free Powder Shampoo as a Litter Prevention Solution Annamaria Vujanović, Slovenia Maturation of Saline Peloid From Sečovlje Salina: Interactions With Brine and Petola Microbial Mat Neli Glavaš, Slovenia Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia 12:45 – 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 13:00 – 14:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia loannou and William Gerwick 15:30 – 16:00 Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia loannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stoneñsh Venom: Small Molecules Present in Envenomation Caused</on>		
The New UN Ocean Biodiversity (BBNJ) Agreement: Considerations for Scientists and Commercial End Users Marcel Jaspars, UK, Invited speaker The Nagoya Protocol: Does it Offer a Solution or Does it Create More Confusion? Ernesta Grigalionyte-Bembič, Slovenia Comparative Environmental Assessment of Water-Free Powder Shampoo as a Litter Prevention Solution Annamaria Vujanović, Slovenia Maturation of Saline Peloid From Sečovlje Salina: Interactions With Brine and Petola Microbial Mat Neli Glavaš, Slovenia Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia Alenka Zvonar Pobirk, Slovenia Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 12:45 – 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 13:00 – 14:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia loannou and William Gerwick Invited lecture title TBC Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA 16:15 – 16:45 Drug discovery and development, continued Chairs: Efstathia loannou and William Gerwick BLUECHEM-ON> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused		
The New UN Ocean Biodiversity (BBN)) Agreement: Considerations for Scientists and Commercial End Users Marcel Jaspars, UK, Invited speaker The Nagoya Protocol: Does it Offer a Solution Or Does it Create More Confusion? Ernesta Grigalionyte-Bembić, Slovenia Comparative Environmental Assessment of Water-Free Powder Shampoo as a Litter Prevention Solution Annamaria Vujanović, Slovenia Maturation of Saline Peloid From Sečovlje Salina: Interactions With Brine and Petola Microbial Mat Neli Glavaš, Slovenia Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia Alenka Zvonar Pobirk, Slovenia Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 12:45 – 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 13:00 – 14:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia loannou and William Gerwick Invited lecture title TBC Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia loannou and William Gerwick BLUECHEM-ON> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal Therapeutic Potential of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused	Hor	
11:45 – 12:00 The Nagoya Protocol: Does it Offer a Solution Or Does it Create More Confusion? Ernesta Grigalionyte-Bembič, Slovenia Comparative Environmental Assessment of Water-Free Powder Shampoo as a Litter Prevention Solution Annamaria Vujanović, Slovenia Maturation of Saline Peloid From Sečovlje Salina: Interactions With Brine and Petola Microbial Mat Neli Glavaš, Slovenia Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia 12:45 – 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 13:00 – 14:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia loannou and William Gerwick 15:30 – 16:00 Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia loannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>		
The Nagoya Protocol: Does it Offer a Solution Or Does it Create More Confusion? Ernesta Grigalionyte-Bembič, Slovenia Comparative Environmental Assessment of Water-Free Powder Shampoo as a Litter Prevention Solution Annamaria Vujanović, Slovenia Maturation of Saline Peloid From Sečovlje Salina: Interactions With Brine and Petola Microbial Mat Neli Glavaš, Slovenia Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 12:45 – 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 13:00 – 14:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia Ioannou and William Gerwick Invited lecture title TBC Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia Ioannou and William Gerwick BLUECHEM-ON> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-11 Modelling Florbela Pereira, Portugal Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused		
11:45 – 12:00 The Nagoya Protocol: Does it Offer a Solution Or Does it Create More Confusion? Ernesta Grigalionyte-Bembić, Slovenia Comparative Environmental Assessment of Water-Free Powder Shampoo as a Litter Prevention Solution Annamaria Vujanović, Slovenia Maturation of Saline Peloid From Sečovlje Salina: Interactions With Brine and Petola Microbial Mat Meli Glavaš, Slovenia Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia Alenka Zvonar Pobirk, Slovenia Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 13:00 – 14:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia loannou and William Gerwick 15:30 – 16:00 Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA 16:15 – 16:45 Drug discovery and development, continued Chairs: Efstathia loannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>	11:15 – 11:45	
Comparative Environmental Assessment of Water-Free Powder Shampoo as a		Marcel Jaspars, UK, Invited speaker
Comparative Environmental Assessment of Water-Free Powder Shampoo as a Litter Prevention Solution Annamaria Vujanović, Slovenia	11:45 - 12:00	, ,
12:00 – 12:15 Maturation of Saline Peloid From Sečovlje Salina: Interactions With Brine and Petola Microbial Mat Neli Glavaš, Slovenia Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimāo, Portugal 12:45 – 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimāo, Portugal 13:00 – 14:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia Ioannou and William Gerwick 15:30 – 16:00 Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA 16:15 – 16:45 Coffee Break Drug discovery and development, continued Chairs: Efstathia Ioannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>		
Maturation of Saline Peloid From Sečovlje Salina: Interactions With Brine and Petola Microbial Mat Neli Glavaš, Slovenia Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia 12:30 – 12:45 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 13:00 – 14:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia Ioannou and William Gerwick 15:30 – 16:00 Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia Ioannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>		
Maturation of Saline Peloid From Sečovlje Salina: Interactions With Brine and Petola Microbial Mat Neli Glavaš, Slovenia Meli Glavaš, Slovenia 12:30 – 12:45 12:30 – 12:45 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Marina Reimão, Portugal 13:00 – 14:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia loannou and William Gerwick 15:30 – 16:00 16:00 – 16:15 Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA 16:15 – 16:45 Coffee Break Drug discovery and development, continued Chairs: Efstathia loannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal 17:00 – 17:15 Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>	12:00 – 12:15	
Petola Microbial Mat Neli Glavaš, Slovenia Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia 12:45 – 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 13:00 – 14:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia Ioannou and William Gerwick 15:30 – 16:00 Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA 16:15 – 16:45 Drug discovery and development, continued Chairs: Efstathia Ioannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal 17:00 – 17:15 Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>		
Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia		
Evaluation of Cosmetic Products With Dunaliella Extracts and Water Brine From Sečovlje Soline, Slovenia Alenka Zvonar Pobirk, Slovenia 12:45 - 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 13:00 - 14:30 LUNCH and blue economy exchange of good practices 14:30 - 15:30 Interactive discussion on marine biotechnology	12:15 - 12:30	
12:30 – 12:45 Sečovlje Soline, Slovenia Alenka Zvonar Pobirk, Slovenia 12:45 – 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Marine Reimão, Portugal LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia Ioannou and William Gerwick Invited lecture title TBC Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia Ioannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal 17:00 – 17:15 A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>		
12:45 – 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 14:30 – 14:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia Ioannou and William Gerwick 15:30 – 16:00 Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA 16:15 – 16:45 Drug discovery and development, continued Chairs: Efstathia Ioannou and William Gerwick Drug discovery and development, continued Chairs: Efstathia Ioannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>	40.00 40.75	
12:45 – 13:00 Marine Cyanobacterial Pigments as Sustainable Alternatives for Textile Dyeing Mariana Reimão, Portugal 14:30 – 14:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia Ioannou and William Gerwick 15:30 – 16:00 Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia Ioannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>	12:30 - 12:45	
13:00 – 14:30 14:30 – 15:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia loannou and William Gerwick Invited lecture title TBC Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA 16:15 – 16:45 Drug discovery and development, continued Chairs: Efstathia loannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>		Marina Granohactorial Digmonte as Sustainable Alternatives for Toytile Duging
14:30 – 14:30 LUNCH and blue economy exchange of good practices Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia loannou and William Gerwick Invited lecture title TBC Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA 16:15 – 16:45 Drug discovery and development, continued Chairs: Efstathia loannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal 17:00 – 17:15 Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>	12:45 - 13:00	
Interactive discussion on marine biotechnology Chair: Ana Rotter Drug discovery and development Chairs: Efstathia Ioannou and William Gerwick 15:30 - 16:00 Invited lecture title TBC Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA 16:15 - 16:45 COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia Ioannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products - PD-1/PD-L1 Modelling Florbela Pereira, Portugal Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic 17:15 - 17:30 Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>	13.00 - 14.30	
Chair: Ana Rotter Drug discovery and development Chairs: Efstathia loannou and William Gerwick 15:30 – 16:00 Invited lecture title TBC Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia loannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal 17:00 – 17:15 Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>	13.00 14.30	
Chairs: Efstathia Ioannou and William Gerwick 15:30 – 16:00 Invited lecture title TBC Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Mayer, USA 16:15 – 16:45 COFFEE BREAK Drug discovery and development, continued Chairs: Efstathia Ioannou and William Gerwick BLUECHEM <on> A Chemoinformatics Exploration of Spectral Patterns For the Discovery of New Drug Leads From Natural Products – PD-1/PD-L1 Modelling Florbela Pereira, Portugal 17:00 – 17:15 Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused</on>	14:30 - 15:30	
Chairs: Efstathia Ioannou and William Gerwick 15:30 – 16:00 Invited lecture title TBC Carmen Cuevas, Spain, Invited speaker Marine Natural Product-Derived Pharmaceutical Pipeline in 2025 Alejandro M.S. Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused	16:45 – 17:00	
Therapeutic Potential Of Furanoditerpenes Obtained From Spongia tubulifera Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic Analogues in the Treatment of Pain Silvia Lino, Portugal Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused	10.13 17.00	
Luis M Botana, Spain A Natural Compound From a Marine Sponge and The Use of Its Synthetic 17:15 – 17:30 Analogues in the Treatment of Pain Silvia Lino, Portugal 17:30 – 17:45 Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused	17:00 – 17:15	
A Natural Compound From a Marine Sponge and The Use of Its Synthetic 17:15 – 17:30 Analogues in the Treatment of Pain Silvia Lino, Portugal 17:30 – 17:45 Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused		
17:15 – 17:30 Analogues in the Treatment of Pain Silvia Lino, Portugal 17:30 – 17:45 Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused		
Silvia Lino, Portugal 17:30 – 17:45 Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused	17:15 - 17:30	
17:30 – 17:45 Interrogating Stonefish Venom: Small Molecules Present in Envenomation Caused		
	17:30 - 17:45	

	Jan Tytgat, Belgium	
Day 1, Tuesday 30.9.2025		
17:45 – 18:00	Villosane A: An Allene-Containing Bisabolane With Potent Antiplasmodial Activity Produced by the Marine-Derived Basidiomycete Halocyphina villosa Fernando Reyes, Spain	
18:00 – 18:15	Neuroprotective Potential of Sphaerococcenol A-Derived Analogues in Mitigating Parkinson's Disease Pathology via Multi-Pathway Mechanisms Joana Silva, Portugal	

	Day 2, Wednesday 1.10.2025		
	Omics tools in MNP research and discovery		
	Chairs: Olivier P. Thomas and Deniz Tasdemir		
09:15 - 09:45	Navigating the Natural Product Landscape: Effective Strategies to Prioritize		
	Metabolite Features in Metabolomics Profiles		
	Justin J.J. van der Hooft, the Netherlands, Invited speaker		
09:45 - 10:00	From Activity to Molecule: Integrated Omics Approaches for Natural Product		
	Discovery		
	Sarolt Magyari, Canada		
10:00 – 10:15	Discovering New Antiobiotics: The Power of Marine Fungi Revealed by New Eco-		
	Inspired Cultures		
40.45 40.20	Clémence Marivain, France		
10:15 – 10:30	Marine Acidobacteriota as Halogenation Reservoirs: Discovery of Novel		
	Biosynthetic Gene Clusters		
40.20 40.75	Pavlo Hrab, the Netherlands		
10:30 - 10:45	Marine Cyanobacteria as a Natural Source of Kahalalide F-Like Depsipeptides William H. Gerwick, USA		
10.75 11.00	,		
10:45 – 11:00	Monitoring Cyanobacterial Blooms and Application of the FDS Strategy in the Lucrino Sea		
	Germana Esposito, Italy		
11:00 – 11:30	COFFEE BREAK		
11.00 - 11.30	MNP chemical biology and biotechnology		
11.20 12.00	Chairs: Valeria Costantino and Luis Botana		
11:30 – 12:00	Contribution of Marine Invertebrates to the Chemical Diversity of Benthic Seawater		
	Charlotte Simmler, France, Invited speaker		
12:00 – 12:15	Marine Natural Products as a Novel Therapeutic Strategy for Developing		
12.00 - 12.13	Neuroprotective Agents in Parkinson's Disease		
	Francisca Soledade, Portugal		
12:15 - 12:30	Anti-Inflammatory Activity of Bromoditerpenes Isolated From the Red Seaweed		
12.13 12.30	Sphaerococcus coronopifolius		
	Celso Alves, Portugal		
12:30 - 12:45	Unveiling Innovative Siderophore Synthesis in Pathogenic Vibrio Through		
.2.00	Interactions Between Different Iron Uptake Systems		
	Carlos Jiménez, Spain		
12:45 - 13:00	Unlocking Jellyfish Mucus Secrets: From Chemical Composition to Biotechnological		
	Potential		
	Katja Klun, Slovenia		
13:00 - 13:15	Marine Natural Products Valorization: Sustainable Active Materials From		
	Crustacean Waste		
	Jessica Costa, Italy		
13:15 - 14:45	LUNCH		
	Exploring the beautiful coastal Slovenia		
15:30 - 18:00	Group 1		
	Location		
15:30 - 18:00	Group 2		
	Location		
15:30 - 18:00	Group 3		
	Location		

	Day 3, Thursday 2.10.2025
Chemi	cal ecology and ecosystems functioning linked to biotechnology
	Chairs: Maggie M. Reddy and TBC
09:00 - 09:30	The Chemical Language of Marine Forests
	Ernesto Mollo, Italy, Invited speaker
09:30 - 09:45	Chemical Ecology of Parasite (Parvilucifera sp.) Induced Metabolic Adaptations in
	the Toxic Dinoflagellate Alexandrium minumtum
	Ruchicka O'Niel, Germany
09:45 - 10:00	Do Seaweeds From High UV-Exposure Areas Offer Natural UV Protection? Insight
	Into Bioactive Properties of Mycosporine Like Amino Acids (MAAs) and Isolation of
	Novel MAAs From Chondria cornuta
10.00 10.15	Sabeena Farvin Koduvayur Habeebullah, Kuwait
10:00 – 10:15	Exometabolomics to Illuminate the Waterborne Pathogen Suppression Effect of
	Seagrasses in Water Column Deniz Tasdemir, Germany
10:15 - 10:30	Metabolomic Changes in Antarctic Marine Invertebrates in a Warming Ocean
10.13 - 10.30	Andrea Prófumo, Spain
10:30 - 10:45	Chemodiversity of Marine Invertebrates in Highly Anthropized Environments
10.50 10.75	Alexandre Le Loarer, France
10:45 - 11:00	Chemical Interactions of Carijoa (Telesto) riisei on Fish and Benthic Reef
10110	Communities on Artificial Reefs in South-East Queensland, Australia
	Pauline E. Lindholm, Australia
11:00 - 11:30	COFFEE BREAK
Chemical	ecology and ecosystems functioning linked to biotechnology, cont.
	Chairs: Maggie M. Reddy and TBC
11:30 - 11:45	Chemo-Taxonomical Markers of Phyllidiidae Species (Heterobranchia) From Koh
	Tao Island (Thailand)
	Giulia Quaini, Italy
11:45 - 12:00	New Tetrahydrofuran Containing Lipid as First Chemical Evidence of the
	Kleptopredation in <i>Cratena peregrina</i> (Aeolidioidea: Facelinidae) Nudibranch
42.00 42.45	Genoveffa Nuzzo, Italy
12:00 – 12:15	Crossing Ecosystems: How Ocean4Biotech Bridged Microbial Research in Extreme Habitats
	Lada Lukić Bilela, Bosnia and Herzegovina
	Synthesis of MNP and medicinal chemistry
	Chairs: Fernando Reyes and Carmen Cuevas
12:15 - 12:45	Lecture title TBC
12.13	Karl-Heinz Altmann, Switzerland, Invited speaker
12:45 - 13:00	A SAR Study of Tetrahydro-β-Carboline and β-Carboline Containing Natural
	Products
	Melissa M. Cadelis, New Zeland
13:00 - 13:15	Formulation of New Fermentation Media from Dairy Processing Wastewaters for
	Sustainable DHA-Rich Oil Production by Schizochytrium S31
_	Linda O'Higgins, Ireland
13:15 – 14:30	LUNCH
	Natural products isolation and downstream processing
4/-20 45 00	Chairs: Filipa A. Vicente and Valeria Ebinuma
14:30 – 15:00	Promoting Interdisciplinary Conversations for Advancing Sustainable Research on
	Marine Natural Products
15:00 - 15:15	Valeria Costantino, Italy, Invited speaker Bioassays for Natural Resources: Use With Caution
15.00 - 15:15	Jerica Sabotič, Slovenia
15:15 - 15:30	Unveiling the Metabolic Potential of the Deep-Sea-Derived Streptomyces
13.13	profundus Through the OSMAC Approach
	Sofia Correia, Portugal
L	, , ,

	Day 3, Thursday 2.10.2025	
15:30 - 15:45	Isolation and Characterization of Bioactive New Chlorinated Secondary	
	Metabolites from the Deep-Sea Streptomyces acrimycini B188M101	
	Emmanuel T. Oluwabusola, UK	
15:45 - 16:00	From Algal Cells To Self-Assembled Vesicles: Unlocking Drug Delivery Potential	
	Nadica Ivošević DeNardis, Croatia	
16:00 - 16:30	COFFEE BREAK	
Natu	Natural products isolation and downstream processing, continued	
	Chairs: Filipa A. Vicente and Valeria Ebinuma	
16:30 - 16:45	Chlorophyll Derivatives From Arthrospira platensis for Novel Nutraceutical	
	Applications	
	C. Filipe Henriques, Portugal	
16:45 - 17:00	Valorization of the Blue Crab (Callinectes sapidus) Shell Wastes	
	Elena Bellini, Italy	
17:00 - 17:15	In-Vitro Wound Healing Activities of Chitosan Based Films Containing Astaxanthin	
	Extract (Aristeaomorpha foliacea and Aristeus antennatus)	
	Cigdem Dikel, Turkey	
18:30 - 23:00	CONFERENCE DINNER	
	Information about the dinner	

Day 4, Friday 3.10.2025				
09:30 - 11:00	COMBINED USE OF SPECTROSCOPIC METHODS AND BGC			
	ANALYSIS IN THE STRUCTURAL DETERMINATION OF COMPLEX			
	NATURAL PRODUCTS, part I			
	Workshop organized by the EU funded project EUREMAP with			
	contributions from Bill Fenical (SIO/UC-San Diego, USA), Bill Gerwick			
	(SIO/UC-San Diego, USA), Daniel Oves (Fundación MEDINA, Spain) and			
	Javier Ortiz (Fundación MEDINA, Spain).			
11:00 - 11:30	COFFEE BREAK			
11:30 - 12:30	COMBINED USE OF SPECTROSCOPIC METHODS AND BGC			
	ANALYSIS IN THE STRUCTURAL DETERMINATION OF COMPLEX			
	NATURAL PRODUCTS, part II			
	Workshop organized by the EU funded project EUREMAP with			
	contributions from Bill Fenical (SIO/UC-San Diego, USA), Bill Gerwick			
	(SIO/UC-San Diego, USA), Daniel Oves (Fundación MEDINA, Spain) and			
	Javier Ortiz (Fundación MEDINA, Spain)			
12:30 - 13:00	CLOSING SESSION			
	Group photo (Everybody)			
	Closing speaches, XV ECMNP and other invitations (Ana Rotter, XIV			
	ECMNP chair)			
13:00 - 14:30	LUNCH			
14:30 - 16:15	COMBO project meeting (limited to project partners)			
16:15 - 16:45	COFFEE BREAK			
16:45 - 17:30	COMBO project meeting (limited to project partners)
